

US FOODS® ONLINE

Overview

What's new in US Foods® Online?

We're committed to Easy,
Every Step of the Way.

- › Easy and intuitive
- › Help find the right products
- › Faster, more reliable platform
- › Continuous improvement

Intuitive interface

MORE IMAGERY

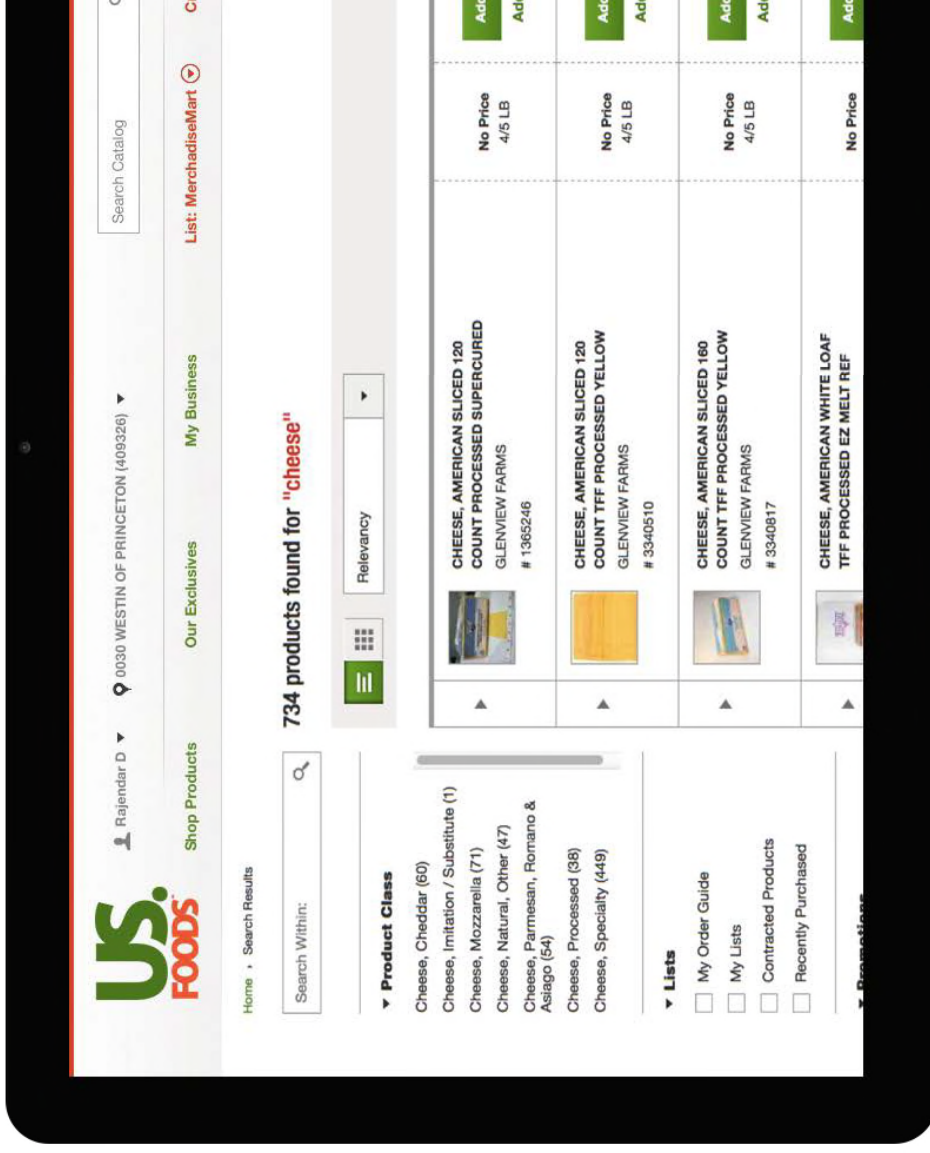

Increased photography and additional icons allow you to quickly scan products to find the one you want.

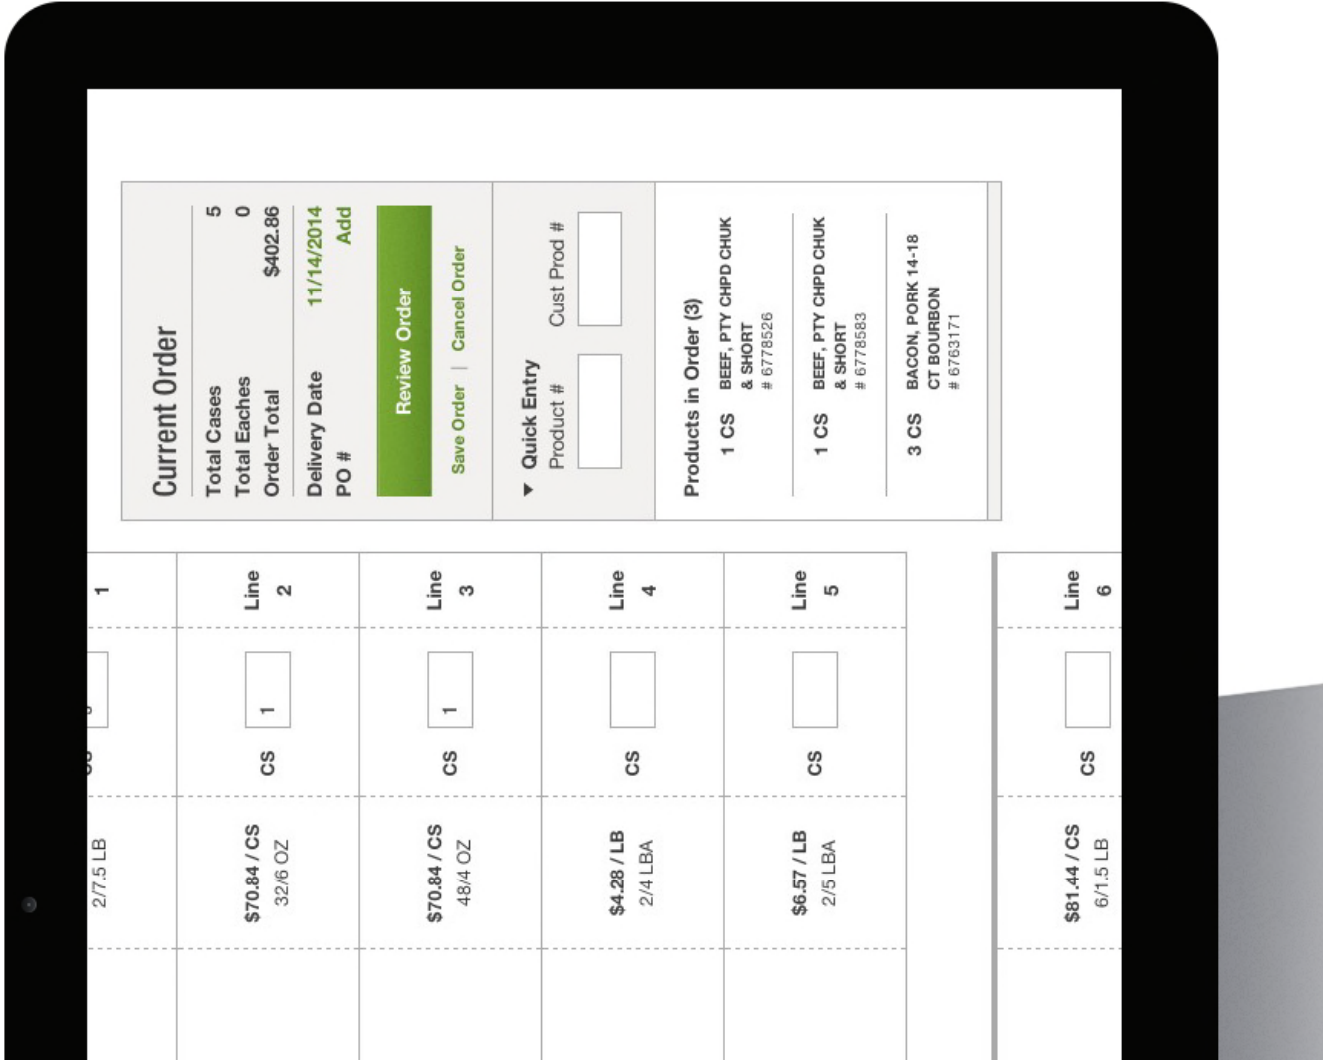

LESS TRAINING

A more intuitive interface means you'll spend less time training staff.

CONSISTENT LOOK AND FEEL

The design and usability is the same across any device you use.

Information right at your fingertips

MONITOR AS YOU GO

Your current order summary follows you as you scroll down the page, providing you quick insight into your total amount.

IMMEDIATE SAVE

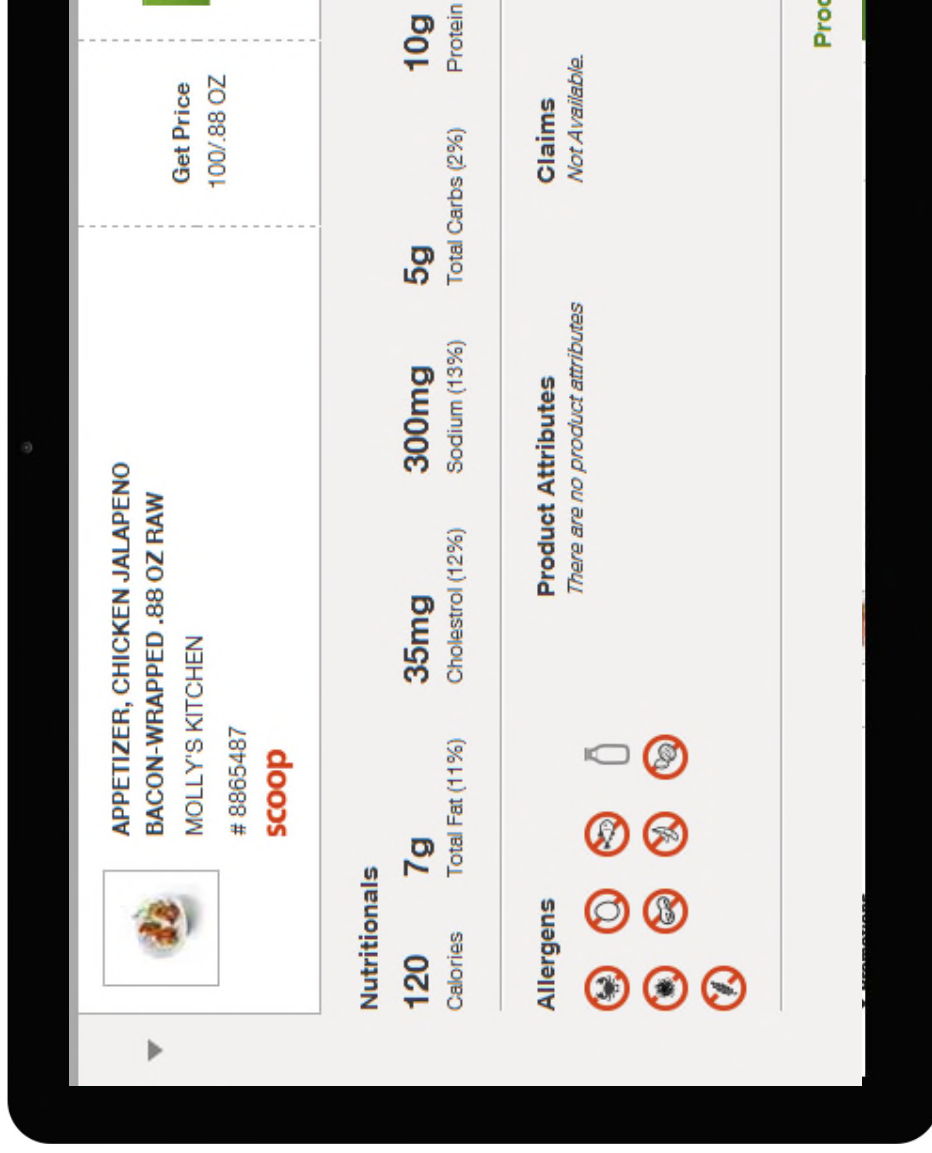

Each time you click enter, the product is saved. No more lost information.

Information right at your fingertips

EASILY VIEW PRODUCT DETAILS

All the specific information you need is right there in front of you, including images, package size, nutritional information, marketing descriptions, allergens and more.

Now you can even download nutritional data for all products during catalog search.

Real Time List Management

ORDER AND UPDATE YOUR LIST AT THE SAME TIME

You no longer have to leave the order entry process to make changes to your list.

Cross-device flexibility

ORDER ANYTIME, FROM ANYWHERE, ON ANY DEVICE

Start an order on your desktop and update it later on your tablet or mobile device.

Easier exceptions

WIZARD-LIKE EXCEPTION MANAGEMENT

US Foods Online will walk you through the order exception process, so you'll know exactly what products you'll be receiving.

Resolve Exceptions

There are a few products in your order that need your immediate attention.

Product comparison

COMPARE ITEMS SIDE-BY-SIDE

US Foods® Online lets you easily compare multiple products to help you make an informed decision.

Everything you want in a new platform. Improved infrastructure is here.

STABILITY

Maximized system availability.

Each quantity entered is automatically saved, so nothing is lost, ever.

FASTER

PERFORMANCE

Quickly complete common tasks such as order entry and list management.

SECURITY

Rest easy, knowing important information is safe and secure.

Sampling of what's to come.

NEW INVENTORY SYSTEM

A completely rebuilt system will change the way you take inventory. Users will gain valuable insight into total food cost, and more visibility with critical reports and inventory history.

MORE FEATURES AND FUNCTIONS

We're continually improving, and always adding additional features and functions. Stay tuned for improved list management, information sharing, and more.

ENHANCED COMMUNICATIONS

Ongoing communication, including alerts, notifications and a mandatory email address, will help keep you informed and provide a seamless change to the way you conduct business.
