

DPS WAN & Internet FY18 Q & A

Q - On the GB WAN service there are 12 sites. One of them being Fort Hill. But I am having troubles finding the address. Could you show me where I can find the address or lead me in the right direction?

A – Fort Hill is the same location as Morris Innovative High School, located at 104 Fort Hill Terrace. The addresses for all of the schools in our district can be found by going to the following url <http://www.daltonpublicschools.com/our-schools> , and selecting the specific school's page.

Q - Which site is the Primary Internet Section?

A – The current primary internet ingress point is City Park Elementary.

Q - Can you expand on the desired Internet design?

A – For desired Internet/WAN design, please refer to the technical specification section within the RFP.

Q - Are you looking for actual connectivity to the Internet or simply separate Internet WAN paths between sites?

A – Both WAN and Internet connectivity are required to meet minimum specifications.

Q - The RFP requests that the 2 affidavits are signed by an "Officer". Will you accept the signature of a board authorized individual in place of an Officer?

A – Please follow acceptable signatures as per the RFP.
