

Delivery Ability:

As the incumbent foodservice distributor for the NWGA Co-Op, US Foods Fairburn has demonstrated over the course of our long partnership that we are more than capable of meeting the Districts delivery requirements. Our years of experience with the unique requirements of the District's delivery sites, and our close working relationship with the Food and Nutrition Departments of each member, combine to enable US Foods to make those deliveries in clean, temperature-controlled vehicles within the designated delivery days and time windows. In the event of a vehicle breakdown or other delay, our experience and relationship with the Group ensures a quick recovery of ordered products to meet serving requirements. A recap of the equipment and facilities available at US Foods Fairburn follows.

The Fairburn facility was built in 2002. It is located just off I85 exit 61 on 50 acres at 7950 Spence Rd, Fairburn, GA 30213. Our main number is 770.774.8300.

Total Square footage - 409,376.

- Freezer 98,450 sq. ft
- Cooler 38,418 sq. ft
- Dry 130,777 sq. ft

The facility has 48 dock doors, 24 on the ref/frozen docks, maintained at 40 degrees, and 24 dry dock doors.

The facility has a fresh meat room that maintains the proper temperature floor to ceiling without variances in temperature. The fresh fish room is equipped with galvanized racks to avoid rust; floor drains; an ice machine; and drip trays to prevent cross contamination. Also, on site is a 4-bay fleet maintenance garage, fuel island, and truck wash.

Operations
