CORE Purpose

Dalton Public Schools seeks an external evaluator to conduct the ongoing evaluation component of the program. An external evaluator is an individual, agency, or organization, with **no** vested interest in the 21st CCLC program. This requirement excludes the original application writer(s); family members of applicants, participants, and partners; employees of applicant; and the applicant's partners. Contracts with external evaluators must be limited to an individual fiscal year with renewal options for each subsequent year of the grant term, not to exceed five years. **The amount to be paid to the evaluator from grant funds cannot exceed 3% of the annual grant award amount of \$321,938.00.**

The evaluator must provide a detailed explanation as to how it will implement an evaluation plan for continuously assessing progress towards meeting each of the proposed objectives and revising and strengthening the program based upon the continuous assessments. The plan must be based on established performance measures previously identified in the *Goals, Objectives, Activities, and Timeframe* table. Importantly, the district is responsible for providing access to the data necessary to analyze its objectives, including such factors as the detailed methods anticipated for data collection and the proposed timeline for collecting data to establish continuous and overall assessment of objective progress. Finally, the evaluator must explain how it will make the results of its evaluation available to its stakeholders periodically and to the public upon request.

Dalton Public Schools will hire an evaluator using the American Evaluation Association's (AEA) online database to locate a qualified AEA member. We will seek out an evaluator who holds at least a master's degree in evaluation or an evaluation-related field. The evaluator must have at least five years of evaluation experience with a preferred one year of experience evaluating K-12 education programs. The evaluator must have experience in the areas of evaluation design, data collection, and data analysis. Because of our unique population, we will also seek out an evaluator who has experience with bilingual evaluation. By contracting with a third-party vendor, DPS ensures that the evaluator has no stake in the proposed 21st CCLC program.

Overall Evaluation Plan

DPS will work closely with the evaluation team to design an evaluation plan using verified measurement tools to formatively and summatively assess our progress towards meeting the goals and objectives of this program. All formative evaluations will contain recommendations for program improvement. The Program Director will be responsible for incorporating the suggested changes. The independent evaluation will use a mixed-methods approach, including achievement data, participation data, and surveys and in-person interviews (one-on-one and group) with participants and relevant stakeholders (family members, teachers, staff, and advisory council members) to ensure the evaluation is comprehensive and statistically significant.

DPS will help design an evaluation plan that will generate the data necessary to address the GADOE 21st CCLC evaluation and reporting requirements, as well as provide local evaluation data to continuously assess the program's goals and measurable objectives and use these findings to revise and strengthen the program. Fully aligned with the performance measures previously identified in the *Goals, Objectives, Activities, and Timeframe* table, the evaluators will evaluate the performance of the program's three identified goals by utilizing data from both the included schools and surveys from the program site.

The evaluator will utilize program site attendance reports to track parent participation in the offered family engagement opportunities.

The district anticipates monthly meetings involving the evaluator, program director, site coordinator, and other appropriate contacts at Dalton Public Schools. These meetings will ensure the evaluator has an open channel of communication with the participating schools and that there will be no delay with receiving necessary data.

Evaluation results will be disseminated annually. The results will be included in the program's newsletter, shared on City of Refuge and DPS social media, and distributed in a yearly results publication that will focus solely on the evaluative outcomes. This publication will be made available online on the DPS and City of Refuge websites, circulated through email for all participating families, and made available by request.

Dalton Public Schools will score according to the following table:

60 Points – Technical Components – 60 points

- Evaluation methodology
- Evaluation process
- Timeline of evaluation
- Technical experience
- Qualifications of staff

20 points – Cost Components

15 Points – Complete Respond to the components of the RFP

5 Points – Proximity Individual Agency or Organizations to the Educational Entity

General Instructions

Future developments. The IRS has created a page on irs.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
